

Aylesbury Vale Community Safety Partnership.

Community Safety Strategy 2017 to 2020

and

Annual Plan 2018 to 2019

Vision statement

To make everyone who lives, works and visits Aylesbury Vale feel safer.

Background

Aylesbury Vale is one of the safest places to live and work in the Thames Valley area. We strive to keep it that way, working with local partners to tackle crime and disorder and its root causes. The total number of crimes per 1,000 population in Aylesbury Vale in 2017/18 was 60.03, as compared with 74.94 crimes per 1,000 in the Thames Valley area.¹

Community Safety is the term used to describe the work we undertake with communities and partners to tackle crime, disorder, anti-social behaviour and the fear of crime. The Aylesbury Vale Community Safety Partnership (AVCSP) was established in 1998 following the implementation of the Crime and Disorder Act, which made this way of working a statutory function. Section 17 of the Act imposes a duty on responsible authorities to:

“Without prejudice to any other obligation imposed upon it -

- to have due regard to the likely impact of all of their daily functions and services on crime and disorder, and;
- to take reasonable and proportionate action with regard to crime and disorder reduction in all areas of their work.”

Later amended by further legislation to include:

“anti-social behaviour and other behaviour adversely effecting the local environment, the misuse of drugs, alcohol and other substances and re-offending...”

The Aylesbury Vale Community Safety Partnership is made up of the following organisations:

- Aylesbury Vale District Council
- Buckinghamshire County Council (this includes the Youth offending Service)
- Buckinghamshire Fire and Rescue Service
- Aylesbury Vale Clinical Commissioning Group (AVCCG)
- Thames Valley Police (Aylesbury)
- National Probation Service (NPS)
- Community Rehabilitation Company (CRC)

¹ TVP to provide population crime figures for 2017/18 at the end of the working year.

- Vale of Aylesbury Housing Trust (VAHT)
- HMP Young offenders (HMYOI)

Setting the strategy

The Police and Justice Act 2006 requires all Community Safety Partnerships to undertake a strategic assessment once a year. In addition to this, the partnership engages with communities to gain a better understanding of the issues that are of most concern to them. For the last eight years AVCSP have consulted with communities about the priorities for its annual action plans. This has been done each year by sending a crime survey using various means of the media.

Crime has followed similar temporal trends to previous years with Burglary Dwelling peaking in the winter months and Sexual Offences peaking in the summer/autumn months. Shoplifting continues to occur primarily during the early afternoon hours and Domestic Violence occurs primarily in the after work hours of the early evening. Violent Crime has seen a rise in offences linked to the early hours of the morning during the night time economy in Aylesbury Vale between the later end of 2017/early 2018 compared with the same period in 2016/17. Reducing numbers of younger victims in communities is a priority for the partnership.²

Burglary to homes continues to cause concern despite lower numbers than the Thames Valley Police force-average. This is especially true in rural areas where communities feel vulnerable due to their more isolated position. The partnership is linked in to the police tasking process and live crime trends, such as rural burglaries, are managed accordingly.

Tool Theft from vans across Aylesbury Vale has seen a 27% increase over 2017/18 compared with 2016/17- with a 36% rise in Buckingham, many of these incidents were down to the same group of individuals who have now been identified through the police tasking process and the majority took place in the rural areas.

Crime subject areas new to this strategy, such as Modern Day Slavery and Serious Organised Crime are not crimes in themselves but describe clusters of crime types which fall within their definition, e.g. drug dealing could be spontaneous and isolated in nature or could be part of more serious organised criminal activity.

There is intelligence emerging around a small number of Organised Crime Groups active within the Aylesbury Vale. Some action within the partnership has already taken place to disrupt the activity of these groups and further work is needed to understand the underlying issues and to address the conditions under which these groups find it possible to operate.

² TVP to provide updated crime figures for 2017/18 at the end of the working year.

Hate Crime³, however, continues to be under reported⁴, highlighting the need to support greater cohesion within our communities⁵ along with increased partnership working.

Anti-Social behaviour has increased by 8% across Aylesbury Vale over the last three years. There are localised issues in neighbourhoods where we will continue to use partnership intervention, involving the communities themselves. There are national examples of neighbourhood based resolution models that have proven successful in supporting communities to deal with specific and localised issues. This will be a focus for our new strategy.

This information supports two strategic priorities for the period of the strategy, these being:

- **Supporting communities and town centres to become safer, more resilient and cohesive places to live and work.**
- **To reduce crimes that are of highest concern to the public and to protect the most vulnerable members of our community through a coordinated partnership approach.**

Based on our consultation survey 2017/18, Burglary and Cyber enabled crime were of most concern for residents, with over 80% of respondents reporting feeling a little worried to extremely worried about becoming a victim of this type of crime. These will continue to be priorities within AVCSP Annual Plan.

Problem-Solving and dealing with underlying causes are key elements of our new strategy. We will work hard with partners and communities to identify areas of vulnerability and high demand to achieve solutions that are sustainable and that make a lasting impact. There will be a greater emphasis on helping communities to identify ways to improve their safety and resilience through restorative approaches⁶, Neighbourhood Watch and warden schemes.

Whilst the Partnership Strategy is for the period 2017 to 2020, the Plan will be revised annually to reflect any emerging or changing trends.

³ Hate crime is defined as any criminal offence which is perceived, by the victim or any other person, to be motivated by a hostility or prejudice based on a personal characteristic.

⁴ ‘Challenge it, Report it, Stop it – The Government’s Plan to Tackle Hate Crime’

⁵ TVP to provide Hate crime figures for 2017/18 at the end of the working year.

Links with other plans

AVCSP has a reciprocal duty to have regard to the Police and Crime Commissioners Plan and its priorities. There are other plans which are taken into consideration when developing this strategy, which consider countywide areas of common interest, which ensures that together we are more effective and efficient. These include:

- Thames Valley Police Strategic Assessment of Crime
- The Safer Bucks Plan
- Countywide Domestic Abuse strategy

In two-tier local authority areas (such as ours) there is a strategic requirement for the 'County Strategy Group' (the Safer and Stronger Bucks Partnership Board) to prepare an annual 'Community Safety Agreement'. This Agreement should identify:

“(a) the ways in which the responsible authorities and partners in the county area might more effectively implement the priorities set out in the strategic assessment through coordinated or joint working; and

(b) how the responsible authorities and partners in the county area might otherwise reduce crime and disorder or combat substance misuse through coordinated or joint working.”⁷

In Buckinghamshire this is called the Safer Bucks Plan. For some issues it is appropriate to work at a local level and for others it may be more appropriate to work at countywide level for example, on domestic abuse services and treatment services for drug and alcohol misuse. We are committed to working in partnership to deliver the most sensible approach to respond to local need.

Future Challenges 2017-2020

The community safety agenda continues to see significant changes in funding, resources, partners, monitoring arrangements and policy framework. Some of this work is ongoing and we have highlighted the key challenges that we know we need to be addressed over the next three year period. These are:

⁷ New duty for county councils in the Police and Justice Act.

- Further reductions in funding.
- Pressure on partners' budgets; for example for CCTV services, which has initiated a review of the service requirements for Aylesbury, this is on-going. AVDC have conducted a root and branch review to equip itself for the total withdrawal of central government funding in 2020.
- Housing development leading to an increase in population, and further growth expected. This means that partners will need to work ever closer to find ways of reducing demand on their services whilst maintaining a safe environment in which communities and businesses can thrive. Since the last Community Safety strategy was agreed, Thames Valley Police have reviewed their processes and have implemented a new operating model.

Future Opportunities –

More than ever, the AVCSP recognises the important role it has to play in providing communities with information and resources to help them build strong and resilient neighbourhoods, examples include:

- Neighbourhood Watch and similar schemes, such as Street Associations and Community Wardens.
- Aylesbury Street Angels scheme, organised by local churches provide additional support to users of the town centre economy in the evenings.
- Ask For Angela initiative, sexual violence campaign aiming to help individuals feel safe when they are on a night out.
- Safe Places scheme, providing safe havens for vulnerable individuals if they need help/reassurance when they are out in the community.
- Thames Valley Alert, websites and social media; such as Twitter and Facebook provide opportunities to allow individuals within communities to hear about crime and disorder issues that are pertinent to the area they live or work, and obtain advice on taking appropriate action to prevent themselves and their families becoming victims of crime.
- Country Watch, working in partnership with rural businesses and communities to help prevent them becoming victims of crime.
- Liaising with Parish Council's about local issues/concerns and keeping them updated on current crime campaigns.

The key principles to underpin the Partnership strategy are:

- The development of relationships between the AVCSP and local groups.
- Open and clear communication with the public.
- Making community safety engagement 'worthwhile' for local groups.
- Understanding the diverse groups and respective needs within the Vale.

This Plan will be shared with communities in order to inform them of the priorities. We keep them and partners informed of progress via the following ways;

- Local Area Forums
- Local press/radio
- Quarterly newsletters
- Crime reduction initiatives i.e. posters, bill boards, community awareness roadshow
- Thames Valley Police Have Your Say Events
- Twitter, Facebook, and Thames Valley Alert.
- AVDC website www.aylesburyvaledc.gov.uk/section/emergencies-safety-and-crime
- Annual Community Safety Survey
- Thames Valley Police website, your neighbourhood.
- Parish Council's meetings
- Community communications channels such as Parish newsletters.

AVCSP continues to support and work with groups like these to identify issues of greatest concern as well as ways of tackling crime.

Annual Plan 2018/19.

The main priorities that the Community Safety Plan 2018/19 are working towards, are also reflected in the Thames Valley Police plan and include;

- Reducing crime compared to 2017/18 and preventing harm.

Following the Purple Flag accreditation process we formed a working group of interested parties to help deliver the priorities for action in Aylesbury town centre and to ensure our success in the reassessment in 2018.

The Buckinghamshire Substance Misuse Strategy was introduced in 2016 to cover the next 5 years.

The Thames Valley Cyber Crime Strategy and Buckinghamshire Exploitation Strategy were introduced in 2017 to cover the next 3 years- the AVCSP will work with partners to deliver on these plans.

As outlined in the strategy there are also a number of projects which the AVCSP will continue to support because of the valuable role they play in creating a safer town centre and these include:

- The CCTV Partnership
- Aylesbury Business Against Crime group (ABACG)⁸
- Pubwatch
