

## **VALE OF AYLESBURY LOCAL PLAN EXAMINATION**

**Inspector: Paul Clark BA MA MRTPI**

### **Inspector's replies to AVDC's responses his questions:-**

**Q1 (update): Q25: Q33: Q39 and Q70: Q47: Q49 and Q50: Q57: Q101**

I've already indicated that I'm content with the reply to my Q1 but this will have to be discussed at hearing session 11 (matter 1) because others are exercising their right to be heard on the subject.

I am content with the reply to Q25 and have no further questions in response.

I note the response to Q33 but this will need to be discussed at hearing session 10 (matter 17) because participants have exercised their right to be heard.

I note the response to Qs39 and 70 but these will need to be discussed at hearing session 22 (matter 15s) because participants have exercised their right to be heard

I note the response to Q47 but this will need to be discussed at hearing session 20 (matter 15q) because participants have exercised their right to be heard

I note the responses to Qs 49 and 50 but these will need to be discussed at hearing session 35 (matters 2(i) and 16c) because participants have exercised their right to be heard

I note the response to Q57 but this will need to be discussed at hearing session 28 (matter 15b) because participants have exercised their right to be heard.

The Council's response to Q101 refers to the forthcoming preparation of an SPD. This is not mentioned in policy I3 itself or its supporting text but the suggestion adds to the concerns, about the use of SPDs to set policy requirements, raised in my Q2, which are to be discussed in hearing session 2 (matter 7). As the participant has not exercised the right to be heard in hearing session 9 which was earmarked for discussing this Question, it can be absorbed into the general discussion in hearing session 2.
