Q95: Q98: Q105 and Q108: Q107

Many thanks to the Council and its consultants for their response to Q29 and Q51. These will need to be discussed at the relevant hearing sessions 12, 13, 14, 15 and 17 (matters 2a, b, c, d and f) as participants have exercised their right to be heard.

I note the Council's response to my Qs41 and 82 but these will need to be discussed in Hearing Session 19 (matter 2h) because participants have exercised their right to be heard.

I note the Council's response to my Qs53 and 84 but these will need to be discussed in Hearing Session 1 (matter 3) because participants have exercised their right to be heard.

I am satisfied with the response to Q56 but this will need to be discussed at session 27 (matter 15a) because participants have exercised their right to be heard.

I note the Council's response to my question 62 but this will need to be discussed in Hearing Session 33 (matter 15o) because participants have exercised their right to be heard.

I note the Council's response to my question 67 but this will need to be discussed in Hearing Session 34 (matter 15p) because participants have exercised their right to be heard.

I am satisfied with the response to Q79 but this will need to be discussed at session 18 (matter 2g) because participants have exercised their right to be heard.

I am satisfied by the Council's response to my Q87 but this will need to be discussed in Hearing Session 5 (matter 16n) because participants have exercised their right to be heard.

I am satisfied with the response to Q88 but this will need to be discussed at session 42 because participants have exercised their right to be heard.

I note the Council's response to my question 89 but this will need to be discussed in Hearing Session 42 (matter 12) because participants have exercised their right to be heard.

I am satisfied by the Council's response to my Q95 but this will need to be discussed in Hearing Session 6 (matter 16t) because participants have exercised their right to be heard.

I am satisfied with the response to Q98 and the modification proposed and have no further questions.

I am grateful for the Council's response to my Qs 105 and 108 which give rise to no further questions. I look forward to receiving a copy of the LUC report in due course.

I am satisfied with the response to Q107 and the modifications proposed and have no further questions.
