2. Background

2.1 In November 2012 Marsh Gibbon Parish Council, as the relevant body, applied for Marsh Gibbon Parish to be designated as a Neighbourhood Area for the purpose of preparing a neighbourhood plan. The Neighbourhood Area application was approved by Aylesbury Vale District Council (the Council) on 4 February 2013 in accordance with the Neighbourhood Planning (General) Regulations 2012.

2.2 Following the submission of the Plan to the Council in June 2014, the Plan was publicised and representations were invited. The consultation period closed on Tuesday 26 August 2014.

2.3 The Council, with the agreement of Marsh Gibbon Parish Council, appointed an independent examiner, Mr Chris Collison, to review whether the Plan met the Basic Conditions required by legislation and should proceed to referendum.

2.4 The Examiner's Report concluded that, subject to making the modifications proposed by the Examiner, the Plan met the Basic Conditions set out in the legislation and should proceed to a Neighbourhood Planning referendum.

3. Decision and Reasons

3.1 On 3 November 2014 the Forward Plans Manager made the delegated decision for the Council to accept and act upon the Examiner's report and that the Marsh Gibbon Neighbourhood Plan (as modified by the Examiner's Report) should proceed to referendum. The District Council made the modifications proposed by the Examiner to ensure that the draft plan met the Basic Conditions.

3.2 A referendum took place on Thursday 11 December 2014. The results showed 93% of those who voted were in favour of the plan.

3.2 On 25 February 2015 the Council agreed, pursuant to section 38A(4) of the Planning and Compulsory Purchase Act 2004, to 'make' the Marsh Gibbon Neighbourhood Plan as more than half of those voting voted in favour of the Plan. This decision statement, the Plan and details of where they can both be inspected have been published on our website. This information has also been brought to the attention of people who live, work or carry out business in the neighbourhood area.
